

SOUTHWEST FL REGION BAT REHABBER LIST

edited July2024*

READ ME: NEVER handle a bat with bare hands or attempt to rehabilitate a bat on your own. Contact a professional below that has been trained in wildlife rehabilitation. Touching a bat barehanded could jeopardize your safety as well as the life of the bat.

BATS TOUCHED WITH BARE HANDS WILL BE EUTHANIZED.

The following list is a resource for well-meaning individuals seeking assistance for a sick or injured bat. Lubee Bat Conservancy is not affiliated with any of the named providers below. *Wildlife Rehabilitator* is an individual not affiliated with any facility.

*This list may not be up to date with current providers. You may also refer to Animal Help Now at <https://ahnow.org/> for additional information.
